## Work Experience

**Airbus - June 2018 -> Today**

UX/UI Designer - Digital Accelerator

**Troopers Agency - April 2013 -> May 2018 (5 years, 2 months)**

Lead UX/UI Designer - Agency

Creation of the design department inside the agency. Creation and redesign of many websites for different clients; large groups, startups and small businesses. Presentation of the deliverables in front of the clients. Working on several projects simultaneously and deliver it on time. Collaboration with developers (front and back), marketing, sales teams and project managers. Supervision of trainees and an apprentice. Creation of training programs. Creation of design workshops (Boost Session). Design of Planck (internal project management tool) and the CMS Victoire with the team.

**EP / Zenchef / Bukkett / LVA Technologies**

(1 month, 4 months, 2 months, 2 months / 2016 - 2011 - 2010)

UX/UI Designer - Startup and Agency (Internships and on-site contracts)

## Educational Interventions

**L'École de design Nantes Atlantique / ECV Digital (2017 / 2018)**

Teacher

**Lim'Art - Ynov / IMIE (2015 / 2016 - 2016 / 2017)**

Teacher

Since 2015, I intervene in different schools to give lessons on various tools (Photoshop, Sketch, Principle) for students in Bachelor's Degree. I also do project monitoring, workshops and theoretical courses in web ergonomics for students in Master's Degree.
