Work Experience

Troopers Agency - April 2013 -> Today (5 years)

Lead UX/UI Designer - Agency

Creation of the design department inside the agency. Creation and redesign of many websites for different clients; large groups, startups and small businesses. Presentation of the deliverables in front of the customers. Working on several projects simultaneously and deliver it on time. Collaboration with developers (front and back), marketing, sales teams and project managers. Supervision of trainees and an apprentice. Design of Planck (internal project management tool) and the CMS Victoire with the team.

EP - March 2016 (1 month)

UX/UI Designer - Startup (on-site)

Collaboration with the Design and Marketing team to improve izigloo.com and redesign the corporate website of the company.

Zenchef / Bukkett / LVA (4 months, 2 months and 2 months 2010 - 2011)

UX/UI Designer - Startup and Agency (Internships)

Educational Interventions

L'École de design Nantes Atlantique / ECV Digital (2017 / 2018)

Teacher

IMIE / Lim'Art - Ynov (2016 / 2017)

Teacher

Since 2016, I intervene in different schools to give lessons on various tools (Photoshop, Sketch, Principle) for students in Bachelor's Degree. I also do project monitoring, workshops and theoretical courses in web ergonomics for students in Master's Degree.
